

FASTER MAX

is the most comfortable open vehicle of the ELECTRORIDE brand that facilitates moving.

It has a medical certificate that exempts users in many EU countries from the obligation to register, have driving licenses and makes the FASTER MAX model treated as a pedestrian in road traffic. It is thus possible to move on the pavement, enter a park or even a shopping mall!

FASTER MAX is equipped with a comfortable seat with a backrest and independent suspension at the front, which make driving on uneven surfaces, cobblestones or off asphalt roads a pleasure. Moreover, the li-ion battery in FASTER MAX model allows for long trips!

Technical data:

-  1000 W engine
-  independent suspension
-  maximum speed 25 km/h
-  maximum range 55 km
-  weight including batteries 130 kg
