

FASTI 4

is a new, comfortable, unbuilt vehicle facilitating movement by ELECTRORIDE. It has a medical certificate, which in many countries exempts you from the obligation to register and have a driving license and makes the FASTI 4 model treated as a pedestrian in road traffic. This makes it possible to walk on the sidewalk, enter a park or even a shopping mall!

FASTI 4 is equipped with a comfortable armchair with a backrest and raised armrests.

It has independent front suspension and high ground clearance, which make driving on uneven surfaces, cobblestones or off asphalt roads a pleasure.
