

FASTI MED

is a new electric wheelchair from ELECTRORIDE. It is intended for people with all types of disabilities. It has many solutions that facilitate everyday use, such as: paddle shift control, electromagnetic brake, adjustable seat backrest, adjustable and raised armrests and an intuitive touch panel.

It has a medical certificate, which exempts you from the obligation to register and have a driving license and makes the FASTI MED model treated like a pedestrian in road traffic. This makes it possible to walk on the sidewalk, enter a park or even a shopping mall!

Technical data:

-  500 W engine
-  magnetic brake
-  maximum speed 20 km/h
-  maximum range 40 km
-  weight including batteries 90 kg
-  maximum loading capacity 135 kg
-  battery set 48V20Ah
